We Grow Together...

From the CEO'S desk

STARFISH is more than just a laundry equipment manufacturer. It is a community of people who share a common vision: "We Grow Together". We believe in creating value for our customers, our company and our society as a whole.

We are passionate about understanding our customers and their needs. We work closely with them to analyze their market potential and provide them with the best solutions for their laundry business. We don't just sell machines, we build relationships.

We are proud of our high-quality products, which are designed to meet the highest standards of reliability and performance. We follow strict ISO protocols and constantly innovate to improve our machines and services. We know how important it is for our customers to offer uninterrupted laundry service to their clients, and we want to help them achieve that.

That's why we offer service plans and on-site services along with AMC. We want to ensure that our customers can run their business smoothly and hassle-free. We want to see them grow and succeed with STARFISH.

STARFISH is not just a brand, it is a family. Join us today and discover the difference.

Stain Removing Station

Stain Removing Station eliminates all types of stains by applying compressed air and specialised chemicals. Tough and stubborn stains can be removed using hot air and a steam gun.

These machines use stainless steel to prevent corrosion caused by the chemicals used in stain removal. The vacuum feature is operated by the user's leg, making it convenient for the operator.

This machine is designed based on innovative cold spotting principles, combining indigenous manufacturing with imported spare parts. It can be operated even by unskilled workers, and spare parts are readily available, supported by comprehensive service. The stainless steel body ensures resistance to rust and fabric distortion, providing optimal durability.

TECHNICAL SPECIFICATION

Model	SSRSL	SSRST
Application Area	Laundry	Textile
Suction Buck	Sleeve	Sleeve and Body
Chemical Gun	1	1
Steam cum Air Gun	1	1
Over All Dimension in mm	600 x 660 x 1430	1050 x 450 x 1600

GENERAL

Motor Power in kw	0.55	0.55
Steam inlet in mm	15	15
Air inlet in mm	6	6
Steam Pressure mpa	0.04 - 0.06	0.04 - 0.06
Air Pressure mpa	0.04 - 0.06	0.04 - 0.06
Foundation	Not Required	
Weight in kg	70	90

SAFETY

Pedal	Limit Switch
-------	--------------

AESTHETIC

Overall Finish	Gloss
Logo	Starfish Engraving with LED Lights

PERFORMANCE

Motor Brand	Specially Designed by us
Volt	415 / 3Ø or 220 / 1Ø
Motor Speed Rpm	2880
Chemical Gun	Imported
Steam and Air Gun	Imported
Air Pressure Gauge	Janatics or Equivalent
Control Panel	By Switches
Light Fitting (Optional)	LED Tube

CONSTRUCTION

Body	Stainless Steel 304 Grade
Perforated Top & Mesh Impeller	Stainless Steel 304 Grade Aluminum
Side Cover	Stainless Steel 304 Grade
Pedal Frame	Stainless Steel 304 Grade
Base Frame	Stainless Steel 304 Grade
Cloth Tray	Stainless Steel 304 Grade
Nuts, Bolts And Connectors	Stainless Steel 304 Grade
Control Box	Stainless Steel 304 Grade
Cutting	CNC
Bending	CNC
Welding	Lase/MIG/TIG

Brushing Machine

What does brushing do to clothes?

Brushing clothes serves the primary purpose of removing surface debris, but it is advisable to dampen the brush first for a more thorough cleaning. It is important to avoid scrubbing vigorously as this can damage the colour or fabric.

How should a clothes brush be used?

Begin by brushing against the nap of the material to eliminate trapped dust, then brush down the nap for a smoother finish. Use short and quick brush strokes to remove marks, but avoid jabbing at the fabric to prevent fibre breakage.

Is brushing clothes necessary?

Incorporating this extra step can help prevent wrinkles when hanging clothes to dry. If clothes are dried on hangers after brushing, they may not require ironing. Additionally, brushing helps to straighten the fabric, ensuring a well-maintained appearance for an extended period.

The motorised silicone bristles of the Brushing Machine effectively eliminate almost all stains, including stubborn ones. The machine is foot-operated, making it convenient for the operator to use. Individuals can operate it without specific skills or training. Spare parts for the machine are readily available, and comprehensive service is provided for maintenance and support.

TECHNICAL SPECIFICATION

Model	SBM 600	SBM 900
Application Area	Laundry	Laundry
Brush	Silicon	Silicon
Water Spray	Available	
Over All Dimension in mm	810 x 550 x 1210	1110 x 550 x 1210

GENERAL

Motor Power in kw	0.55	0.55
Water inlet in mm	15	15
Foundation	Not Required
